

POLES AND REDS SIGN ARMISTICE AND PEACE PACT

RIGA, Oct. 13. (By the Associated Press).—A preliminary peace treaty and armistice was signed by Polish and Russian soviet delegates here at 11 o'clock last night.

The armistice actually becomes effective at midnight, Oct. 13. The announcement that peace was to be signed brought great crowds of people to the square surrounding the Black Tower, where the signing was taking place. The Polish delegation entered the hall first and was followed by the Russian delegation. About 200 persons, including the entire diplomatic body and prominent Lithuanian officials, crowded the small room.

Considerable delay ensued, due to the physical work necessary for completion of the treaty for signature. Tired by more than five days and nights of almost constant work, M. Joffe, head of the soviet delegation, described the Riga peace as "a peace without victory and without vanquished." In a brief address before the signing of the treaty, that describes the Riga agreement accurately, it appeared to distinct peace on the part of the Polish delegation. It was a peace of give and take, which those who have followed the course of events fear will not be popular either with the Bolsheviks or the Poles.

But it is undoubtedly a triumph for the chairman of the two delegations who made it and for the peace-loving nations which they represented. The explosive questions that disrupted the Minsk conference are likely to win for them the gratitude of the war-weary world.

The Riga armistice will put the Bolsheviks at peace with all their Baltic neighbors. It will also end the last midnight and leave the "wonder-movement" as the only great military operation against the soviets.

54 Houses Wrecked By \$100,000 Fire In Arkansas City

PINE BLUFF, Ark., Oct. 13.—Fire which swept eight blocks of the negro section of this city Tuesday did damage estimated at \$100,000, wrecked 54 houses and rendered 500 people homeless. The fire started in a small building on the corner of 14th and Main streets, and spread rapidly. It was saved by firemen from the 14th street fire station. The fire started in a small building on the corner of 14th and Main streets, and spread rapidly. It was saved by firemen from the 14th street fire station.

An aged negro, panic-stricken when he saw flames, rushed into the dwelling, declaring "I'm going with my home." He was rescued by firemen. The fire raged for two hours. Firemen checked the onrush of the flames by retreating three blocks to sufficient water facilities, soaking residences there, and tearing down enough dwellings to form a check line. Two houses, occupied by white people, were burned at this point. The other dwellings burned were negro houses.

City officials have called a mass meeting to raise sufficient funds to relieve suffering.

CHATTANOOGA GIVES OVATION TO HARDING

Nominee to Promise South Non-Sectional Policy.

CHATTANOOGA, Tenn., Oct. 13. (Spl.)—Senator Harding and his party, including Mrs. Harding, were given an ovation on their arrival here this morning. The Republican nominee is expected to address a message to the South in his speech tonight.

In his address, according to a member of the party, the senator will stress his opinion that there is no longer a South, North, East and West, but that the nation is a unit. He will assure the South, it is said, that "when elected" he will not pursue a policy of sectionalism, and that his election will not be a victory for any part of the country. He also is expected to outline his opposition to the league of nations.

The candidate was tendered the keys of the city by former Senator Bewell Sanders, S. Clay Evans, Paul J. Krueger and Earl Wasmann. The party, accompanied by prominent local Democrats as well as Republicans, spent the morning visiting historic places in and near the city.

The Housekeeper's Problem

OFTEN THE HOUSEWORK IS BEYOND A WOMAN'S STRENGTH

Our American women have a world-wide reputation for beauty, but, at the same time, there are women in the cities and country who possess neither beauty of face nor form, because in these instances they suffer from nervousness, the result of disorders of the womanly system. The withered and drawn face, the dark circles and crow's feet about the eyes, the straight figure, without those curves which lend so much to feminine beauty, are the unmistakable signs of feminine disorders. A sick woman cannot be a beautiful woman, nor can she be anything but a disappointed woman. Many women in this region write Doctor Pierce grateful letters. Here is what one woman says:

NASHVILLE, TENN.—"Doctor Pierce's Favorite Prescription has been a great help to me in many ways, and it is the best woman's medicine I have ever taken. I have taken 'Favorite Prescription' for feminine trouble when thru this I had become all run-down, weak and nervous, and it soon relieved me of my ailment and built me up in health and strength. I have also taken 'Favorite Prescription' during expectancy and found it an excellent tonic to take at this time; it keeps one feeling healthy and strong, and also helps to ameliorate suffering. I heartily recommend Dr. Pierce's Favorite Prescription (obtainable at drug stores) as a woman's medicine."—Mrs. W. W. SWERNY, 1012 Clay St.

COAL MINERS ASK FOR Strike Settlement

BIRMINGHAM, Ala., Oct. 13.—Placing themselves to abide by the decision of the body, the United Mine Workers of America yesterday asked Gov. Kilby to appoint a commission to settle the strike in the coal fields of Alabama.

The plea was made through state officers of the miners' union, and urged that the commission be composed of one representative each of the miners, the coal operators and the public.

The desire was expressed that the governor "distinctly understand we do not make the proposal with any thought of our forces weakening, but on the other hand, the letter to the governor said, 'we are guided by patriotic motives in the hope that the controversy may be settled once and for all.'"
